Women’s Resource Center

Jean Ishibashi, Faculty Advisor

T: 452-4826 E: jishibas@ccsf.edu Office: C402

Campus Resources

Gender-Neutral Bathrooms

City College has numerous gender-neutral bathrooms available for students’ use, both on the main Ocean Campus and on satellite campuses.

To find out where they are, visit the Gender Diversity Project website: www.ccsf.edu/hiv/gdp. At the bottom of the page, you’ll find a link to a PDF that lists the gender-neutral bathrooms.

The Graphic Communications Department is preparing a series of posters to inform students about these bathrooms, too—they’ll appear in the Fall 2012 semester.

Name of Choice

The Gender Diversity Project is currently advocating for students to have their preferred name listed on their student IDs and on class rosters, even if they have not obtained a court-ordered legal name change.

Transgender Health Care

While the Student Health Center at City College does not offer hormone treatment or surgery, there are many free or low-cost clinics in San Francisco that do provide hormone therapy. The majority of these clinics are part of San Francisco’s Community Health Network.
